Statement about the regulation (EC) No. 1907/2006 of the European parliament and the council in December 18. 2006 for Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) published in December 30. 2006 by the Official Journal of the European Communities 396/1.

Dear Ladies and Gentlemen,

We thank you for your inquiry about the compliance with the regulation EC No. 1907/2006 (REACH) and inform you as follows:

As downstream user, we will take, of course, the requests of the REACH-Regulation into our account.

With background of the deadline of Pre-Registration in Dec.2008 and the just following transitional period for the registration of special materials, we can not score any concrete statements about necessary changes at this moment. Herewith we are also in close contact with our upstream suppliers and have already given to them the request of affirmation.

Attached please find our Letter Of Intent as part of the supply chain.

If necessary, we will inform you about relevant changes of our products, caused by REACH-Regulation, and will coordinate with you the steps in individual cases.

If you have further questions about REACH in our business, contact your partner:
